

Agenda, Meeting of the NKG Working Group for Geoid Determination at KMS, Copenhagen, Denmark, 11 - 12 November 2004

Introduction, DS

Overall data status, gravity data, digital terrain models, global geopotential models, GS

National datasets, gravity, terrain models

NKG2004 geoid computation, RF

Validation of gravimetric geoids (land areas), comparison with GPS/leveling data

Denmark, KE

Norway, DS

Geoid activities

The GOCINA and OCTAS projects, RF/DS

Computation of the GOCINA/OCTAS geoids, validation against MSS and MDT models,
OO/RF

Excerpt from "Regional Geoid Determination Methods for the Era of Satellite Gravity -
Numerical Investigations Using Synthetic Earth Gravity Models" by Jonas Ågren

National reports

European Geoid JM/NN

NKG WG web-site, future activities DS
