# Operational status

VILNIUS GEDIMINAS  
TECHNICAL UNIVERSITY

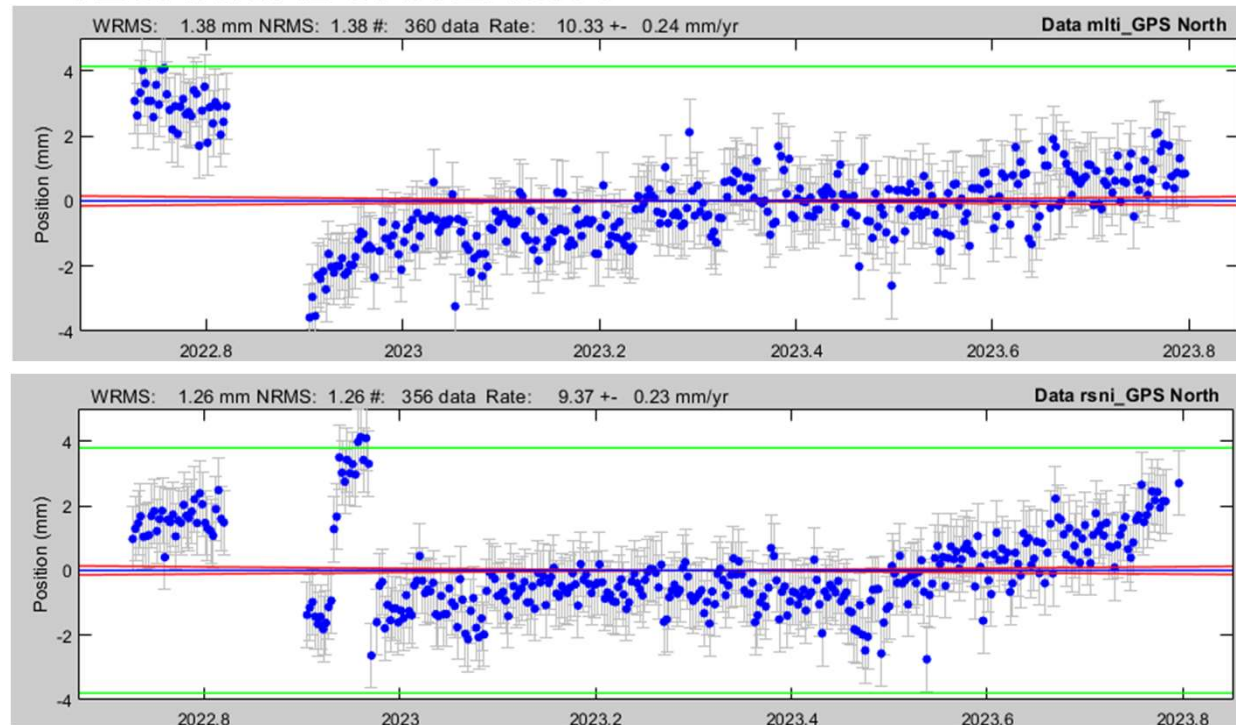

- We did manage to update Bernese version 5.2 to 5.4.
- Currently working on GPS week 2300.

Analysis of  
the  
geodetic  
coordinates  
of the  
LitPOS  
GNSS  
stations.

# Further steps

- Planning on changing the hardware of our stations.
- Step by step integrating AI.

Thank you for you attention 😊
